# OUR ROOTS

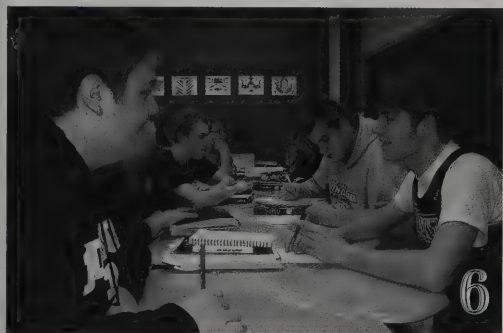

"Remember yesterday,  
dream for tomorrow,  
live for today."

In comparison with the rest of our lives, these four years we have spent wandering the halls of Marian High School seem short. Although they have passed in a flurry of both good and bad, the memories we made together are anything but fleeting. We have come together to celebrate great triumph, as well as to mourn great loss. Together, our class has left a legacy of curiosity, integrity, and purpose. We leave Marian, not defined by what we have achieved, but rather, by the roots we have established.

## Advisor's Notes:

Congratulations to  
Mrs. Janet Hatfield,  
our Dean of Students and Home  
Economics Teacher who is retiring  
this year after thirty-nine years  
at Marian High School!  
Thank you for your  
dedication to Marian,  
Mrs. Hatfield, and enjoy  
your well earned retirement!

On a personal note, I am retiring after sixteen  
years at Marian. I have thoroughly enjoyed  
my time with all the students and staff as  
Library/Media Specialist, English Teacher, and  
Student Publications Advisor. I treasure all  
the yearbook and newspaper memories of  
the dedicated staffs and editors with whom I  
have had the good fortune to work. Most of  
all, thank you to Hayden Regina,  
Jessie Brown, Emilie Koch,  
Lauren Voll, Brittany Payne, and Megan Eme  
for their superb creation  
of the 2012 Madrigal.  
---Mrs. Davisson

Congratulations to  
Shannon Hendricks  
who placed 7th in the  
800 meters at the  
State Track Finals!  
Fantastic running, Shannon!

The process was long, the details many, but the result you hold was all worth it. To authentically capture a year in one bound book is an art that involves many minds and leads to many thanks. Mrs. Davisson, through this year and the creation of this book, you have been a guide, mediator, and teacher. Your expertise and understanding helped me to turn my ideas into reality, and for this I am grateful. Hayden, I can't even begin to describe how much I enjoyed working with you this year. Your determination, commitment, and originality inspire me. Somehow you were always able to draw out the best version of me so that our minds could work in synch. This year our friendship has blossomed, and we have a beautiful book to show for it. Jessie, your optimism, humor, and honesty kept the creation of this yearbook a truly enjoyable experience. Your positive attitude meant so much during frustrating times, and work hardly felt like work when I was with you! To Brittany, Lauren, and Megan, thank you for spending so much time and thought on this yearbook. It is a difficult task to blend countless and varied ideas, but your willingness allowed us to achieve it. Finally, thank you to the students of Marian High School for letting us invade a year of your lives armed with our cameras and creativity. I hope that the moments we've captured on these pages allow you to relive your high school years long from now. After all, this is your book, and you will forever be alive in these pages.

Best wishes for bright futures, Emilie Koch

Hayden: You have become one of my greatest friends. Being in yearbook together totes brought us close. You were definitely the HDIC (head diva in charge) and you were NOT afraid to show it. I thank you for teaching me to better voice my opinion instead of going along with the crowd. This yearbook is def unlike any of the others in the past. I love all the changes. It's so out of the box and creative. In the words of myself, Perf <3

Emilie: You are the go-to girl for fluffing. If i ever needed help with my captions i always turned to you. We have been friends since freshman year, and i hope we always stay close. Yearbook brought us together and we created the best friendship. Good luck with all your future endeavors to both of you

Love, Jessie Brown xoxoxooxox

## Roots .

1. The underground portion of a plant that lacks buds, leaves, or nodes.
2. An essential part or element; the basic core.
3. A primary source; an origin.
4. The condition of being settled and of belonging to a particular place or society.

This year I have not made your memories, but simply captured the moments in time. It has been my goal to chronologically order the events of this past year so that it may bring out joy now and serve as a refresher in the future.

Eileen Jackson  
Thank you for making the Sharpie tags at the Senior Breakfast happen. There is no way I would have finished them without you.

Mrs. Davison  
This past year has been the greatest growing experience ever. Giving me the chance to be editor of the yearbook has given me the opportunity to explore my creativity, and to learn when to stop exploring and turn in a page. You have given me the chance to try new things and explain my reasoning when we had disagreements. This book has made me so proud, and I hope I have made you proud in the same way.

Ms. Lilly, Jerri, Allen  
What can I say; you were my therapists for the duration of this book. Thank you for the many days where I needed to throw around ideas or have a little vent session.

Jessie & Emilie  
I am addressing you as a team because we truly have been one. This book's heart and soul is as much yours as it is mine. I am so proud to say that you were my life, my team, and my friends while planting the roots of this yearbook. We may have only captured our class's memories, but this book is forever bound together with ours. Perf.

Megan, Brittany, Lauren  
I cannot thank you guys enough for putting up with me this year. Although I have felt like the yearbook dictator, I can happily tell you that my time is officially over. It has been so much fun to watch all three of you grow and improve throughout this school year. More importantly, I cannot wait to see what your book looks like next year.

They are the

am something of a de-
